**FINALLY,
THE ULTIMATE
GERMAN-BRAND
MOTOR OIL!**

DMax Lubricants APPROVED for All German Brands

Fully Synthetic SAE 0W-40 SN

1Litre
4Litre
208Litre

Fully Synthetic Universal Engine Oil for Diesel and Gasoline Engines
DMax SAE 0W-40 is a Top-Class multi-grade fully synthetic formulation that protects against friction, heat and corrosion, keeping engines healthy and efficient.

DMax SAE 0W-40 is excellently suited for use in passenger car gasoline and diesel engines, both turbo-charged and non-turbo-charged.

Fully Synthetic SAE 5W-40 SN

1Litre
4Litre
208Litre

Advanced High Performance Fully Synthetic Engine Oil

DMax Fully Synthetic SN SAE 5W-40 is a Fully Synthetic engine oil protects against friction, heat and corrosion, keeping engines healthy and efficient. Special additives reduce carbon and sludge build up even under severe driving conditions. DMax Fully Synthetic SN SAE 5W-40 is manufactured using the highest quality Fully Synthetic base stocks and state of the art additive technology. This ensures a finished product with an unmatched performance level.

Synthetic SAE 10W-40 SN

1Litre
4Litre
208Litre

Synthetic High Performance Light-Running Engine Oil

DMax Synthetic SN SAE 10W-40 is a high performance light-running Synthetic engine oil designed for use in modern engines with tight tolerances. It delivers excellent performance and fuel economy properties. DMax Synthetic SN SAE 10W-40 is an ideal choice for most gasoline and diesel engines, including turbo charged and non-turbo-charged engines, and can be used year round in most climates.

Fully Synthetic SAE 5W-30 SN

1Litre
4Litre
208Litre

Fully Synthetic Engine Oil for Diesel and Gasoline Engines with or without Turbo
DMax Fully Synthetic SN SAE 5W-30 is a Fully Synthetic formulation that protects against friction, heat and corrosion, keeping engines healthy and efficient. Special additive technology reduces carbon and sludge build up even under severe driving conditions. Its state of the art additive formulation provides significantly low friction with strengthened oil film for greater engine response and fuel efficiency.

Multi-Grade SAE 20W-50 SL

1Litre
4Litre
208Litre

Advanced Multi-Grade Fuel Economy Oil for Mixed Fleet Applications

DMax SAE 20W-50 a Virgin base stock formulated with multiple additives and blended with the latest technology. Provides superior lubrication for Diesel engines for modern as well as older engines operating on either low or high sulfur fuel. DMax are high performance universal mixed fleet oils recommended for Heavy duty diesel engines.

Mono-Grade HD SAE 50

5Litre
20Litre
208Litre

Mono-Grade Heavy Duty Diesel Engine Oil with or without Turbo

HD 50 is a mineral mono grade engine oil for passenger car for diesel and gasoline engines with turbocharger and without. Also, suitable for commercial vehicle engines and vans under light loads. Designed to minimize friction and wear, as the formulation ensures high lubricity throughout all operating conditions. Extended oil drain capability where recommended by the vehicle manufacturer.

ATF III H

1Litre
208Litre

Multi-Functional Universal Automatic Transmission Fluid

DMax ATF Dextron III H is a synthetic based Automatic Transmission Fluid (ATF) specially developed for a broad usage spectrum in automatic transmissions, power steering units and hydraulic drives.

ATF VI

1Litre
208Litre

Multi-Functional Universal ATF of the latest Dexron VI Standard

DMax ATF Dextron VI is a premium fully synthetic Automatic Transmission Fluid (ATF) specially developed to in accordance to the latest DEXRON VI standard.
DMax ATF Dextron VI is manufactured using the highest quality Fully Synthetic base stocks and state of the art additive technology. This ensures a finished product with an unmatched performance level.

Hydraulic Oil 32/46/68/100

20Litre
208Litre
1000Litre

Mineral based Hydraulic Oil with a wide application range

DMax HLP is manufactured using top-quality mineral base oils and additive technology. It is characterised by a wide application range excellent viscosity-temperature and corrosion protection properties, as well as providing optimum wear protection under extreme loads. DMax HLP 68 is neutral against sealing materials.

DMax Injector Cleaner

300ML

Premium Quality Injector Cleaner

DMax Injector Cleaner completely cleans the fuel system from tank to combustion chamber. Prevents contaminated deposits caused by fuel. Binds with condensed water, protects engine parts from corrosion and guarantees an excellence performance even in winter.

Multi-Grade SAE 15W-40 C14

5Litre
20Litre
208Litre
1000Litre

Advanced Multi-Grade Fuel Economy Oil for Mixed Fleet Applications

DMax SAE 15W-40 is a high-quality modern multi-grade motor oil that protects against friction, heat and corrosion, keeping engines healthy and efficient. Special additive technology reduces carbon and sludge build-up even under demanding driving conditions. DMax SAE 15W-40 is manufactured using the highest quality base stocks and state of the art additive technology. This ensures a finished product with an unmatched performance level.

GEAR OIL GL-5

1Litre
4Litre
208Litre

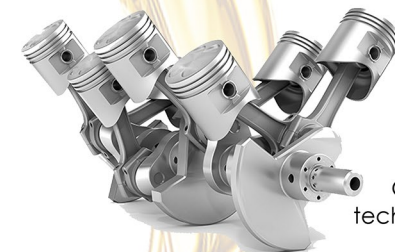

Mineral lubricating oil for mechanical transmissions

DMax HLP is manufactured using top-quality mineral base oils and additive technology. It is characterised by a wide application range excellent viscosity-temperature and corrosion protection properties, as well as providing optimum wear protection under extreme loads. DMax HLP 68 is neutral against sealing materials.

DMax Lubricants GmbH

Premier supplier of German produced lubricants, additives, car care products and petrochemicals.

"HIGHEST GERMAN STANDARDS"

We use the best raw materials and German advanced technology to develop all our products.

"TESTED ON THE AUTOBAHN"

DMax utilizes the most advanced formulations and state of the art German technology. All products are fully tested in laboratory and on field.
